Ivette Sanjurjo Martínez

IT Project Manager & AI Solutions Specialist

Barcelona, Spain

LinkedIn link Portfolio link Github link ivettes.business@gmail.com

Software Developer and IT Project Manager with over 3 years of experience creating inclusive, accessible digital products across the stack with React, React Native, TypeScript, Firebase, and Laravel. Experienced in leveraging Generative AI solutions and agile workflows to optimize team deliveries and bring clarity to complex projects. Co-founder & Lead Developer of Safinder. Native in Spanish and Catalan with C1/Bilingual English proficiency.

Technical skills

- **AI & Project Management:** IT Project Management, AI Solutions, Prompt Engineering, Generative AI, Agile / Scrum, Team Coordination.
- **Mobile & Frontend:** React Native (Expo), React.js, Next.js, TypeScript, JavaScript (ES6+), Tailwind CSS, HTML5, CSS3, Figma to Code, App Store & Play Store Deployment.
- **Backend & Database:** Laravel, Laravel Filament, Firebase, Node.js, MySQL, REST APIs.
- **Languages & Tools:** Git, GitHub, GitHub Actions, Electron, Postman, Java, C/C++.

Soft skills

- **Communication:** Fluent and assertive communication with multidisciplinary teams and stakeholders. Native Spanish/Catalan speaker and C1/Bilingual level of English for international environments.
- **Leadership & Responsibility:** Proven through end-to-end product ownership, cross-functional team coordination, and co-founding Safinder.
- **Problem Solving:** Analytical approach to unblocking operational workflows, debugging, and designing scalable app architectures.
- **Adaptability:** Fast learner with a hybrid technical-operational profile bridging engineering, product delivery, and AI integration.

Professional Experience

TwenTIC | IT Project Manager & AI Solutions Specialist — June 2026 – Present **Barcelona, Spain**

- Strategic coordination and organization of digital projects, ensuring efficient resource allocation and strict deadline adherence.
- Direct collaboration with Account Management as a technical-operational liaison to guarantee optimal deliverable execution and client satisfaction.
- Design, optimization, and evaluation of prompts for AI models, integrating generative AI solutions to enhance workflows and product interactivity.
- Supervision of development team capacity, internal process facilitation, and resolution of operational blockers across the project lifecycle.

TwenTIC | Front-End Developer — June 2024 – Present **Barcelona, Spain**

- **React Native & Native APIs:** Built and deployed native iOS and Android apps from a single codebase, integrating device APIs (camera, geolocation, local storage) for advanced mobile capabilities.
- **Full-Stack Laravel & Filament Specialist:** Developed dynamic frontend interfaces integrated with Laravel backends and rapidly built custom admin panels and internal tools with Laravel Filament.
- **Figma to Code & Responsive UI/UX:** Translated complex designs into interactive, accessible, and responsive interfaces across platforms while delivering 7+ end-to-end projects.

Safinder | Co-founder & Lead Developer — September 2024 – Present **Barcelona, Spain**

- Co-founder and Lead Developer of a production mobile app designed to offer a safe, inclusive space for sapphic women and non-binary people, built with React Native, TypeScript, and Firebase (live on App Store & Google Play).

TwenTIC | Web Development Intern — October 2023 – June 2024 **Barcelona, Spain**

- Assisted in developing web and mobile components using HTML, CSS, and JavaScript, collaborating with the senior team on UI/UX improvements, bug fixes, and Laravel development workflows.

Education & Languages

- Higher Vocational Training (CFGS) in Cross-Platform Application Development – Institut Pedralbes (2022 – 2024).
- Video Game Design and Development – Centre de la Imatge i la Tecnologia Multimèdia | CITM (UPC) (2021 – 2022).
- Languages:
  - Spanish, Catalan & English: Native / Bilingual (C1)
  - French: Elementary (B1)
